

Building **1**ne

Facility Services, LLC

Building One's foremost objective is service excellence; exceeding expectations is part of our culture. We have earned the trust of clients in New England and the Sri-State area by combining the resources of a large company with the attention and individually of a smaller one. Worrying about the maintenance of your facility is the last thing you need in addition to your already demanding responsibilities, let us handle the stresses that come along with managing your facility.

Building One's highly trained staff, tiered supervision approach and our use of the latest industrial equipment, chemicals and constantly exploring new advancements in technology allows us to handle the most demanding and complex facility needs. We're here to help serve any need that may arise. Meeting your specific needs is central to our mission.
